

# Moose – HDs 313 and 314

## **Draft Changes for 2022-2023 Hunting Regulations:**

Combine districts: Eliminate Moose Hunting District 315 and incorporate it into moose districts with the same boundaries as the current deer/elk HDs 301 and 314.

Rename Moose HD 311 to Moose HD 313. This administrative change is to allow the HD 311 number to be used where Deer and Elk HD 311 is.

## **Biological Implications:**

Moose likely use the area on a larger scale, similar with deer and elk. This change will promote regulation simplicity and the concepts of larger hunting districts with similar boundaries between species.

The rename is for simplicity.

## **Social Implications:**

None yet gathered. This proposal is expected to be generally acceptable as long as license numbers are similar.

## **District biologist:**
