

## 2023 Environmental Analysis Review Form

### Outdoor Recreation Grant Programs

Review of Routine Impact Projects

#### Project Overview

**Organization Applying for Funds:** West Yellowstone Ski Education Foundation

**Project Name:** Rendezvous Ski Trail Nordic Grooming

**Project Summary:** High quality Nordic grooming of 35 km Rendezvous Trail System

**Project Location:** West Yellowstone, MT

#### Environmental Form(s) Submitted with Application

Environmental Analysis Form	<input type="checkbox"/>
FWP Categorical Exclusion Form	<input type="checkbox"/>
USFS Categorical Exclusion Form	<input checked="" type="checkbox"/>
OTHER: (fill in)	<input type="checkbox"/>
None	<input type="checkbox"/>

#### Types of Impacts Identified

All routine maintenance outlined within the proposed project will take place within existing recreational trail corridors. No impacts were identified that would adversely affect the physical environment or human population.

#### FWP Notes:

Grooming goals for the 2023-2024 ski season:

- Reliably provide high quality groomed 25-35 km of trails (snow dependent) that allow local residents and visitors to our community to enjoy classic skiing, skate skiing, and snowshoeing.
- At least 25 km 4-5 days/ week, and snow permitting, 35 km at least 2-3 days/week.
- To offer an extended nordic ski season, potentially longer than we have previously been able to, and longer than is available elsewhere (snow dependent).
