August 8, 1988

Duane Anderson
Northwest Power Planning Council
851 S.W. Sixth Avenue, Suite 1100
Portland, OR 97204

Dear Duane:

We have reviewed your July 1988 Proposed Montana Protected Areas Designations. A few final corrections are written on the enclosed copy. Three creeks in the Kootenai should be deleted for reasons explained in the attached letter. The other three changes are due to incorrectly identified reach segments. Please let us know if you have any questions.

Sincerely,

Janet Decker-Hess
Project Manager
Montana Rivers Study

JDH/GB/flr

July 25, 1988

Dolcy Mahar, Director of Public Involvement
Northwest Power Planning Council
851 S.W. Sixth Avenue, Suite 1100
Portland, OR 97204

Dear Ms. Mahar,

The Department has reviewed the information sent to you from W. R. Grace & Co. and concur that these three stream reaches (Carney Creek, Fleetwood Creek, and Rainy Creek) should not be listed for wildlife protection. In recommending streams for the protected areas program, our criteria called for not including those streams where existing impacts from roads, mining, timber sales, etc., have already impacted the reach to such an extent that the addition of a hydroelectric project would have no significant impact to wildlife populations. Unfortunately, in our review process, we inadvertently missed eliminating these streams impacted by W. R. Grace's mining activities.

We appreciate W.R. Grace bringing this issue to our attention. We are requesting that the council eliminate these streams from the protected areas list before the final rule is adopted.

Sincerely,

Larry Peterman
Special Projects Bureau Chief
