Dear Mr. Hunter:

Enclosed is a copy of our report of fish collected under Scientific Collector's Permit 1330 for calendar year 1995. The samples have been sent to analytical laboratories for chemical analyses or will be sent at a later date. Samples collected under this permit were collected as part of irrigation drainwater studies at Freezout Lake and lake Helena, biomonitoring of the Superfund remedy at the Warm Springs Ponds or part of a contaminants survey of the Missouri River Basin.

If you would like additional information about these collections, please contact Bill Olsen of my staff at 449-5225.

Sincerely,

Kemper McMaster
