Subject: Scientific Collector's Permit #1347 (1995)

To: Director, Montana Department of Fish, Wildlife and Parks

Enclosed is my scientific Collector's Permit use report for 1995. I did not keep any fish during 1995 for genetic sampling due to work priorities, but I do anticipate the need for a sampling permit next year with the same conditions. Note that Permit 1347 is a group permit issued to Rick Stowell and Associates.
