

1981-82 MONTANA Fishing Regulations

May 1, 1981 through April 30, 1982

The accompanying map is an aid only. Regulations and legal descriptions of fishing districts follow in print.

By order of the Montana Fish and Game Commission, the following dates and regulations for the 1981-82 fishing season are adopted.
Montana Fish and Game Commission
James W. Flynn, Secretary
January 9, 1981

To be in full force and effect through April 30, 1982. All regulations are subject to change by the commission.

LICENSE REQUIREMENTS

A fishing license is a permit for the lawful holder thereof to fish for and possess any fish within the state as authorized by fishing regulations. This includes commercial whitefish fishing in which case the license must be validated by an authorized Fish, Wildlife, and Parks Department employee. There is no charge for this validation.

Residents — Each resident 15 years and older must have a license to fish. Residents 14 years old or younger may fish without a license but must observe limits and all other fishing regulations.

Free fishing permits are available from heads of respective institutions for patients at veterans' administration hospitals and for residents of state institutions other than the state penitentiary. Disabled residents who have a permanent physical or mental condition that prevents them from doing substantial gainful work may get free permits to fish from the Department of Fish, Wildlife, and Parks upon certification of disability by a doctor licensed to practice medicine in Montana.

Nonresidents — All nonresidents 15 years and older must have a fishing license to fish. Nonresidents 14 years old or younger may fish without a license when accompanied by an adult with a valid Montana fishing license. The total number or pounds of all fish taken by the licensed adult and all persons 14 or younger, accompanied by such licensed adult, shall not exceed one legal limit. However, a nonresident of any age may purchase a nonresident fishing license and be entitled to take a legal limit of fish.

LICENSE FEES MAY HAVE CHANGED SINCE PUBLICATION OF THIS DOCUMENT. LICENSE AGENTS AND FISH, WILDLIFE AND PARKS OFFICES CAN PROVIDE CURRENT INFORMATION.

RESIDENT LICENSES

RESIDENCY
In order to apply for a resident Montana hunting or fishing license, one must be a legal resident of Montana for a period of six months immediately prior to making Application.
Excepting for holders of Resident Sportsman Licenses, conservation licenses are prerequisite to purchase of fishing licenses.

RESIDENCY STATEMENT
Montana residents who were issued plastic cards for the 1979 or 1980 seasons should take their cards to a license dealer. The dealers will issue 1981 residency statements and validate plastic cards through 4/30/82.
Residents 62 or older need only a plastic card and residency statement or a temporary conservation license to fish and hunt upland game birds other than turkeys.
Resident Fishing License \$ 5.00
Resident Sportsman's License (includes Conservation License, 1 deer, 1 elk, 1 black bear, game birds and fishing) \$ 35.00

NONRESIDENT FISHING LICENSES

A Wildlife Conservation License is required before fishing licenses may be purchased. You may apply for other licenses at the same time you apply for a conservation license.
Nonresident Conservation License \$ 1.00
Nonresident Season Fishing License \$ 20.00
Nonresident Temporary Fishing License (6 days) \$ 10.00
Nonresident Temporary Fishing License (1 day) \$ 2.00
Nonresident Fish, Bird, and Big Game License (available from Helena, Montana Fish, Wildlife and Parks office only) includes an elk tag, deer "A" tag, black bear tag, authorizes hunting of game birds and fishing. Quota of 17,000 \$225.00
LICENSE FEES NONREFUNDABLE

RELEASING FISH

The following steps will insure that a released fish has the best chance for survival:

1. Play fish as rapidly as possible — do not play to total exhaustion.
2. Keep fish in water as much as possible when handling and removing hook.
3. Remove hook gently — do not squeeze fish or put fingers in gills.
4. If deeply hooked — cut line — do not pull hook out. Most fish survive with hooks left in them.
5. Release fish only after its equilibrium is maintained. If necessary gently hold fish upright facing upstream and move fish slowly back and forth.
5. Release fish in quiet water close to the area where it was hooked.

CHECKING STATIONS

Fishermen and hunters are required to stop at checking stations on their routes of travel to and from fishing and hunting areas.

TO REPORT VIOLATIONS

If you are unable to contact a local warden or member of the sheriff's office, call toll-free 800-332-8117.

IT IS UNLAWFUL

to transport or introduce any fish or viable fish eggs into any waters;

to refuse to show one's license upon demand;

to loan or transfer your fishing or hunting license or tags to any person;

to sell game fish except as prescribed by Montana Fish and Game Commission regulations;

to leave or dump any dead animal, fish, garbage or litter in or on any state or private property where public recreation is permitted;

to use any carbide, lime, giant powder, dynamite, or other explosive compounds, or any corrosive or narcotic poison or to have any of the same in one's possession within one hundred (100) feet of any streams where fish are found, for the purpose of stunning or killing fish.

to hire or retain an unlicensed outfitter or guide; to waste any part of game fish suitable for food.

It is unlawful to operate upon Montana waters a boat which:

is not properly licensed and numbered with registration card carried in boat;

is not carrying equipment required by the Montana water Safety Law (copies available from Montana Department of Fish, Wildlife and Parks).

does not have one serviceable, Coast Guard approved personal flotation device for each passenger. Persons under 12 years old must wear PFD's when boat is in motion and is less than 26 feet long.

1981-82 GENERAL REGULATIONS

DAILY AND POSSESSION LIMITS

When weighing and measuring fish to determine limits, fish may have entrails removed but must have their heads and tails attached to their bodies.

Daily limit shall mean the numbers or pounds of fish that may be legally taken during a calendar day. No person shall take or possess more than the daily limit of fish unless otherwise specified under district regulations.

Possession limit shall mean the number or pounds of fish which may be in one person's possession anytime in any form — fresh, stored in freezers or locker, salted, smoked, dried, canned, or otherwise preserved.

Refer to District Regulations for respective daily and possession limits.

SEASONS

All dates given are inclusive dates. Where dates specify an open season, fishing is closed throughout the remainder of the year. An open season is for all species unless otherwise specified.

FISHING HOURS

Fishing is allowed at all hours during open fishing seasons except on Holter Lake and on other posted waters.

GAME FISH

All species of the family Salmonidae (charr, trout, salmon, grayling, and whitefish); all species of the genus *Stizostedion* (rock bass, sauger, and walleye); all species of the genus *Esox* (northern pike, pickerel, and muskellunge); all species of the genus *Micropterus* (bass); all

species of the genus *Polyodon* (paddlefish); all species of the family Acipenseridae (sturgeon); all species of the genus *Lota* (burbot or ling); and the species *Ictalurus punctatus* (channel catfish).

MEANS OF TAKING

Only a single line with hook or hooks, with or without a pole, may be used for fishing unless otherwise specified in district regulations. The pole or line must be in immediate contact.

These provisions also apply to commercial whitefish fishing as provided under district regulations.

Setlines may be used as provided under district regulations. Setlines are lines that may be unattended. They may include poles and tripods.

A screen or a net not to exceed four (4) feet in length may be used to take sculpins (*Cottus*) for bait. Otherwise, use or possession of minnow seines, snares, or fish traps is unlawful except as provided under district regulations.

LURES AND BAIT: Artificial lures shall include any lure (including flies) that is man-made in imitation of or as a substitute for natural bait. Artificial lures do not include fish eggs or other chemically treated or processed natural baits or foods.

Sculpins may be used live for bait statewide, except in waters limited to artificial lures and in the Madison River between McAttee Bridge and Ennis Lake. Otherwise live fish may not be used for bait except as provided under district regulations.

Carp or goldfish may not be used in any form as fish bait. Other fish may be used dead as bait if they have their heads and entrails removed, or if they have been preserved or frozen, except in waters limited to artificial lures only.

Persons fishing in waters closed to the use of live fish for bait may not have live bait fish in their immediate possession.

CHECKING STATIONS

Fishermen and hunters are required to stop at checking stations on their routes of travel to and from fishing and hunting areas.

CLOSED WATERS:

All waters operated by the Montana Department of Fish, Wildlife and Parks and the U.S. Fish and Wildlife Service as fish hatcheries and rearing ponds shall be closed to fishing at all times. Water in which the Department of Fish, Wildlife and Parks is operating fish traps and other special structures shall be closed to fishing as posted. Certain water supply lakes and streams and hazardous areas are closed as posted.

CHILDREN'S FISHING WATERS:

Waters posted as Children's Fishing Waters are closed to fishing during the entire year to persons thirteen (13) years of age and older.

BEAVER PONDS, IRRIGATION CANALS AND DITCHES: Impoundments formed by beaver dams on streams are governed by the same regulations as govern the streams. Man-made irrigation canals and ditches are open the year around unless shown otherwise under district regulations.

Artificial lures shall include any lure (including flies) that is man-made in imitation of or as a substitute for natural bait. Artificial lures do not include fish eggs or other chemically treated or processed natural baits or foods.

Sculpins may be used live for bait statewide, except in waters limited to artificial lures and in the Madison River between McAttee Bridge and Ennis Lake. Otherwise live fish may not be used for bait except as provided under district regulations.

Carp or goldfish may not be used in any form as fish bait. Other fish may be used dead as bait if they have their heads and entrails removed, or if they have been preserved or frozen, except in waters limited to artificial lures only.

Persons fishing in waters closed to the use of live fish for bait may not have live bait fish in their immediate possession.
