

MONTANA DEPARTMENT OF FISH AND GAME
FISHERIES DIVISION

JOB PROGRESS REPORT

State: Montana Title: Investigation of the Fishery of the
Project No: F-9-R-21 Lower Big Hole and Jefferson Rivers
Job No.: IV-a
Period covered: January 1, 1973 - June 30, 1973

The objectives of this job were to measure fish population parameters, habitat conditions and angler use on a portion of the Big Hole River and on the Jefferson River. Most of the time during this report period was spent in planning the project, establishing study sections and procuring maps and aerial photos.

A description of the study areas and available data will be presented in the report for the project segment, i.e., F-9-R-22, Job IV-a.
