

MONTANA DEPARTMENT OF FISH AND GAME
FISHERIES DIVISION
JOB PROGRESS REPORT

State: Montana Title: Southwestern Montana Fisheries Study
Project No.: F-9-R-20 Title: Inventory of the Waters of the
Job No.: I-a Project Area
Period Covered: July 1, 1971 to June 30, 1972

A creel census and gill net study was initiated on Hebgen and Harrison Reservoirs during the fiscal year. Since the creel census period extended into the next report year, no complete information is available. Data for both reservoirs will be analyzed and reported on in the next job progress report.
